Families shouldn't have to choose between putting food on their tables or staying connected with their loved one just because he or she is incarcerated in the California Prison System! Attorneys have to pay the same outrageous fees to speak with their clients!

- ◆ Global Tel*Link charges 630% more for a collect telephone call from a California prison than it does for a collect call to the average consumer.
- ◆ The State of California gets a kickback of over 50% of the profits.
- ◆ CDCR has made millions of dollars off of this back door prison tax since the contract first started.

It's time to make a stand!

On the 16th of every month: Sign on for the Global Tel*Link Boycott.

Have your loved one call home, but do not accept the call.

Every Wednesday: CONTACT THE GOVERNOR!

Governor Arnold Schwarzenegger, State Capital Building, Sacramento, CA 95814

Ph: (916) 445-2841—Choose your language, then press 5, then 0 Fax: (916) 445-4633

Tell him to **STOP THE KICKBACKS** and **END THE MONOPOLY** of the Global Tel*Link contract.

STOP THE CONTRACT STOP THE GREED

This is just the first step. We are also working towards filing a Class Action Lawsuit on behalf of the friends, family members, and others who have been forced to pay exorbitant pricing for speaking to their loved ones.
